

X-ray Protocol for Yearlings

For 2020 there is no minimum plate requirements for submitting a lot's x-rays to the Goffs Online Repository. A list of plates is shown below which Goffs recommend are supplied for each lot.

Please note, veterinarians are responsible for the upload of x-rays to the Goffs Online Repository. Vendors and vets who, bring x-rays to/take x-rays at, the sale will be able to upload them at the complex repository office but this should be carried out by a vet.

X-rays and Video endoscopies uploaded to the repository must be taken no earlier than 28 days before the date on which a Lot is to be offered for sale.
